

EXPERIENCE THE DIFFERENCE

MYLINKS DOES MORE. COSTS NOTHING. IT'S THAT SIMPLE.

MyLinks is a free cloud-based and mobile-responsive application. This allows your patients to use any device to gather and connect to their personal health records. Their data is encrypted, secure, and **fully** under their control.

Patient Dashboard Features

Manage/Edit Health Records

Connect a Health Device

Store Health Records

Gather Health Records

Manage Multiple Accounts

Share Health Records

Connect Through Research (Coming Soon)
